Dear Readers,

We are really, really sorry about this, but it seems that the first chapter we released had some incorrect names in it.

The only significant changes are that Ajan is actually "Ayanboud" (I kinda liked "Ajan" better -_-), but it seems that many Online Dragon web sites have translated Ajan as "Ayanboud", there is actually "Baler," and "Maver Dodo" is "Dread Dodo."

When I thought that a surprising change was "Paradea, the Great Queen" to "Paradea, The King of Egypt" @_@

Sorry for the confusion.

Wishing you all the best,
-Erfata-

P.S.

The "Band of Ajan" should be called the "Jade of Ebn," the "Dark Vasey Tribe" is actually the "Dorenu Gasey Que," the "Green Tribe" is "Griffith City," and "Sawick's "Cedric" is kinda confused as an elf, but you are used to it. P
